

## Housing related support can help prevent homelessness and help you live more independently in your home

By supporting you to:

- Manage money, such as claiming benefits, rent arrears, debts or budgeting on a low income
- Feel safe
- Move or adapt your home
- Develop relationships with friends, relatives, neighbours
- Access employment, education, training, social or leisure opportunities
- Access other services, such as health or social care
- Develop independent living skills, such as cooking, cleaning, managing your home

Services will not do things for you, but will support you to develop the skills and the confidence to empower and enable you to do things for yourself.

## Can we help you?

If you:

- Are aged 16 or over

And either:

- Need support to work through and overcome issues affecting your ability to live independently in your own home

Or

- Are homeless or at risk of homelessness

Then Floating Support could help you.

If you would like to talk to someone about support, please contact the organisation that is providing the service where you want to receive it, as listed at the back of this leaflet.

You will not have to pay for the service.
